

Intelligent School Signs

Intelligent School Signs

LED-Signs understands that the education sector needs to communicate with its community in an efficient and timely manner.

From simple single pole signs to fully incorporated digital pylon displays and electronic scoreboards, LED-Signs has a complete signage package to suit any budget.

Our low power, low maintenance signs are economical to run, easy to operate and highly effective in communicating with students, staff and parent bodies.

Priced from \$9,500 including: LAN or RS422 communication, commissioning, installation and warranty.
