

Art Gallery of Western Australia Outdoor Video Display

Location:

Art Gallery of Western Australia, Perth, WA

Brief:

Supply and install a custom made, outdoor, LED display to span the 30 metre entrance area of the Gallery building. The display needed to blend well with the gallery building as well as Perth's cultural precinct while attracting the attention of visitors to the area.

Solution:

- Full colour (RGB) outdoor LED screen
 - 10mm pitch
 - Video display
 - Five, 6.4 x 0.4 metre LED panels linked together to form a continuous display
- Sections installed between existing pillars
- Minimal framework and visible fixings
- Rear service access
- Custom video management software
- Content management training and development.
